

MEN ADMIRE

A pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unequalled endorsement or has such a record of cures of female ills as has

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes:—"For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Obstruction, and is invaluable in preparing for childbirth and the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

MISS EMMA RUNTZLER

BOY ORATOR SPEAKS ON GARBAGE RESOLVE

"You ask me about that resolution introduced in the Board of Supervisors to separate the garbage department, why, I have this to say. There is a nigger behind the woodpile," said the Boy Orator this morning.

The department under Samuel Johnson has been doing, and is still doing, their work to the satisfaction of all the taxpayers, eliminating, of course, the grumblers and kickers who hold their regular legislative session on the corners of the streets.

"According to this morning's paper, some of the Supervisors are sore over Charles Hustace, Jr., chairman of the Board of Supervisors, and will try to oust Sam Johnson without notice, and then to unseat Hustace.

"The people of this County will have something to say when that time comes, and if it does come, I care not when it may, then and there the majority will act as dictators and as Frances. Then there will be revolution and the only remedy they deserve from the people is the crushing of their heads at the polls."

CONCERT TONIGHT

This evening at 8 o'clock the oral expression department of Oahu College will present, in Charles R. Bishop Hall, two little plays. Miss Bruce, the teacher of oral expression at Punahou, has put much effort into these plays, and consequently something a little out of the ordinary is expected when the curtain lifts tonight.

These plays are to be given for charity work among the poor in the city, under the direction of the Hui Panahi, the recently organized society for social work.

The first play is a comedy in one act, entitled "A Little Game With Fate." The following is the cast:

"Helen Morton".....Ray Bell
"Elsie".....Dora Atwater
"Genevieve Knight".....Alice Hopper
"Mrs. Batters".....Alice Bond
"Ingrit".....Irene Allen

Between the two plays will be an intermission during which Miss Doris Taylor will give a reading. There will also be music.

The second play "Ici on parle Français," has the following cast:
"Angelina".....Vera Damon
"Anna Marie".....Ruth Richards
"Mr. Springling".....James Gibb
"Mrs. Springling".....Marguerite Ashford
"Mrs. Rattan".....Maud Jones
"Major Regulus Rattan".....Kenneth Winter
"Victor Dubois".....Reynold McGraw
Tickets will be on sale at the door.

THE NEW TYPEWRITER

The Fox visible typewriter is unquestionably the leader. WHY? Because the alignment is always correct and cannot vary. Because it requires less energy to operate and it responds to the lightest touch.

Because it prints the cleanest letters from steel type. The writing is always in sight and there are two ribbons, one in black and one in red. The machine has a changeable carriage, so that operators may have practically two typewriters in one, and the change is made in a moment. No other writing machine has this feature, the one that is most needed in insurance, plantation, real estate offices, or any place where large size blanks are to be filled. A postal request will bring you booklet "B" and will cost you nothing but the postage. H. Rosenberg, in the Waverly block, has the agency for it.

CITY CEMETERIES

(Continued from Page 1)

less and this conclusion will require no argument in its support. But in addition to this we believe it is undesirable to have a considerable number of little cemeteries scattered through the thickly settled portions of the district, which should be sufficient reason to close them. It will very pertinently be asked "if these cemeteries are to be closed, what is to be done for the interment of the dead?" It is no answer to say that Loch View Cemetery is open to all.

The majority of people in Honolulu would much prefer to have their dead interred within a reasonable distance of their homes, and for that reason your committee believes that there ought to be at least two large public cemeteries established as soon as it can be done, for the use of Honolulu. As the location, it would seem that a cemetery located somewhere in Kalihi would be central and convenient for all of the population desiring to use such cemetery, on the west side of Nuuanu street, while another located somewhere in

the region of lower Manoa Valley, or upon the high lands mauka of the Moiliili Church toward Manoa, would supply the needs of everything east of Nuuanu street. Cemeteries so located would be not only easily reached by the cars of the Rapid Transit, which would be used by most persons, but are not so far from the center of town as to make the use of carriages at funerals prohibitive on account of expense; and, what is of greater importance, the majority of people would be able to reach either location of foot, and this would be the means employed by those with whom the expenditure of even a five-cent piece is of considerable importance. Some inquiry has been made as to the possibility of obtaining cemetery sites in these two locations, of from fifty acres up, and while there is nothing definite to report, we believe that it is quite possible to obtain for reasonable prices the land necessary to establish two such cemeteries.

The Advertiser has suggested that the crater of Diamond Head presents a good site for a cemetery. For picturesque location and suitability of soil and area, this place could hardly be equaled, but the approach is the great difficulty. The suggestion made in the Advertiser is to cut a tunnel through the side of the mountain. While this is quite feasible, though the expense would be considerable, yet such a tunnel would always be an objection in the minds of the great majority of people, and the approach to such a cemetery would certainly be very costly. Another site which has received consideration is a lot containing from fifty to one hundred acres on the Waialae slopes of Kaimuki, about due east of the upper end of Diamond Head. This place is also available, though the price named is too high, and a large portion of this ground is well adapted for cemetery purposes, but a considerable part of it is also rocky and not suited for burials. The distance from town also is a great objection as it would involve, first, the construction of from a mile and a half to two miles of road to even reach the nearest site. An extension of the Rapid Transit system to this point would cost many thousands of dollars, and the distance is so great from the center of Honolulu that it would practically compel those visiting the graves of friends to go out on the cars, being too far for ordinary walkers.

In case the Civic Federation and the public in general choose to take up this subject and go to work and get cemeteries, your committee trusts that rules will be established at once which will make of these cemeteries parklike, beautiful and attractive spots, such as now exist in the latest and most attractive cemeteries in other places. Such plans would require the laying out of walks and driveways, not on a rectangular plan, but winding about in an attractive manner. Trees should be planted, shrubs at proper places, no fences or structures of any such character should be allowed within the confines of the cemeteries, even curbing around lots are now prohibited. There should always be an appropriate gateway or entrance, also receiving tombs or vaults and a chapel for the use of funeral parties. All of these things not only require capital, but take in many cases no inconsiderable portion of the ground. It is estimated that Cypress Lawn Cemetery, in San Francisco, which is perhaps the most beautiful on the Pacific Coast, has available for interments less than sixty per cent. of the entire area, the rest being devoted to roads, drives, carriage courses, fountains and other such uses. The creation of such a cemetery for Honolulu is something which we should all earnestly foster, and to this end your committee respectfully urges that the attention and energy of the Civic Federation be directed.

In connection with this report the committee is preparing a tabulated statement showing valuable statistical information regarding the various cemeteries, but this has not as yet been quite completed.

parties or will you run on your own hook?" "Oh, I will be independent. I will have my own party. I don't know if I will run for any office yet. I have had a lot of people come to me asking me to run for mayor, more than have asked any of the other fellows who intend to run, but I have told them that I wouldn't."

James F. Morgan, Jr., son of J. G. Morgan, had a narrow escape from fire on the night of Jan. 22. It happened in one of the dormitories of Gett's Academy at Stanford, where he has been preparing for the Boston Tech. When the fire broke out one of the students discovered that the building was ablaze where Morgan was asleep. An alarm was given and young Morgan crawled down the fire escape after finding every other avenue of egress closed by the flames.

ALL FOR STUDENTS

Tomorrow is the Day of Prayer for the Students of the World. By special request the occasion will be appropriately observed in Central Union Church. It was the intention of Dr. Scudder to preach his third sermon in the Old Testament course, but because of this request he will preach upon the Student movement at the morning worship. In the evening a special service for students will be held. To this the following schools have been invited: the Normal, Kamehameha and High Schools, Oahu, St. Louis, Iolani, Aliolani and Agricultural Colleges, Kamehameha Seminary, Mills Institute and St. Andrew's Priory. With the exception of St. Louis and Iolani Colleges and the Priory, which are prevented by other engagements from being present, all of the institutions invited have accepted the invitation. The principals of a number of the schools will be seated on the platform and will take part in the service. Rev. W. B. Olson, secretary of the Hawaiian Board, will preach the sermon, subject "Making Investments." Music will be furnished and the congregational singing led by the Kamehameha chapel choir under the leadership of Stanley Livingston. The body of the church will be reserved for the students.

Keep a bottle of the Bitters handy if you would escape a lot of suffering. When the stomach, liver or kidneys are unable to perform their work a few doses will help wonderfully. It never fails in cases of dyspepsia, indigestion, constipation, Sour Stomach, Poor Appetite, Liver or Kidney ills or Malaria.
